Petsafe yardmax rechargeable in-ground fence

© 1996-2014, Amazon.com, Inc. or its affiliates × Sorry to interruptCSS Error × Sorry to interruptCSS Error Shop > Fencing > In-Ground Fences 11 Item(s) Show 16 24 48 per page Sort By Featured Lowest Price Highest Price Name A-Z Name Z-A Description Dogs love to play so we've designed a fence that gives them more space to run! With standard in-ground fences, your dog gets a correction before he steps over the buried wire. But with our YardMax® In-Ground Fence™, your dog won't get a correction until after he steps over the buried wire, giving him the feeling that the correction area is infinite! With this fence you'll get 500 ft of wire so you can fence in a 1/3-acre yard. If your yard is bigger, just purchase more wire to fence in up to 10 acres for your pet. You'll also get 1 YardMax® Rechargeable In-Ground Fence™ Receiver Collar which has a tone-only mode and 5 levels of safe, static correction that you can adjust based on how your dog responds during training. With a little training, your dog will learn his new play area in just 2 weeks! If he ever tries to run through the boundary, the infinite correction area outside the boundary will help encourage your pet to turn and head back home. If you have more than 1 pet at home, purchase additional receiver collars so all of your pets can safely play in the yard together. Your pet deserves the best. Trust PetSafe® to keep your pet healthy, safe and happy. Features Gives your pet 30% more-yard space than other in-ground fences Cover up to a 1/3-acre yard with included 500 ft of wire Purchase more wire to fence in up to 10 acres Installing the in-ground fence is an easy, DIY weekend project Includes 1 YardMax® Rechargeable In-Ground Fence™ Receiver Collar Tone-only mode and 5 levels of adjustable static correction Purchase additional receiver collars for all of your pets For dogs 5 lb and up and who are 6 months and older Adjustable collar fits neck sizes 6-28 in Waterproof collar so your pet can safely play in puddles Receiver collar charge charges in 1-2 hours and lasts up to 3 months Receiver collar is compatible with PetSafe® Pawz Away® Pet Barriers (sold separately) Transmitter with mounting hardware Power Adaptor YardMax rechargeable receiver with adjustable collar fits neck sizes 6-28 inches Surge protector Receiver collar charger Short and long contact points 500 feet of 20-gauge boundary wire 50 training flags Waterproof splice capsules and wire connectors Product manual What makes an in-ground fence a great choice? Fit boundary shape to your yard Cover up to 25 acres Most affordable fencing option Won't affect the look of your yard How does an in-ground fence work? 1 Bury wire for a custom boundary and put a receiver collar on your pet. 2 He hears a warning tone if he approaches the boundary. 3 He feels a static correction if he tries to go past the boundary. 4 One fence can protect all your pets. Common in-ground fence layouts Full yard Partial yard Off-limits areas With existing fence If you prefer a quick setup with no buried wire, or you need a fence you can bring along when you travel, a wireless fence may be for you. Learn About Wireless Fences Training is the Key to Success! The first two weeks are the most important. Day 1 Introduce your pet to his new boundaries. Day 2 Begin training with static correction. Day 5 Introduce distractions to test your pet. Day 9 Try supervised off-leash play. Day 15 Monitor your pet as he enjoys his new freedom. See which layout is best for you Use our Fence Planner tool to instantly create customized layouts in your own yard.
